

INDUSTRIAL THERMOMETER - IT SERIES

TOZEN IT series adjustable angle industrial thermometer is widely used in HVAC and other industrial applications. It is fully adjustable to provide full 360° positioning on the vertical axis and 180° rotation on the horizontal axis. The thermometer can be "locked" into any position within this arc.

SPECIFICATION

☐ Scale Casing ☐	9" (225 mm) Aluminium or Valox® Case, Impact Resistant	☐ Connection ☐	$\frac{3}{4}$ " BSP With Thermowell 1 $\frac{1}{4}$ " UNF Swivel Nut (No Thermowell)
☐ Lens ☐	Glass	☐ Thermowell ☐	$\frac{3}{4}$ " Brass Separable Socket ☐
☐ Liquid Filling ☐	Organic Liquid Fill	☐ Scale Reading ☐	Celsius(°C) & Fahrenheit(°F)
☐ Stem Length ☐	4" (100mm), 6" (150mm), 10" (250mm)	☐ Protection ☐	IP 54
